

Hand Engineering's Ripper Bucket for Excavators up to 7 tonne

HIGH QUALITY. DURABLE.

The Ripper Bucket can be used in hard or rocky ground conditions.

Ripping the ground before hand will reduce the wear and tear on your machine and other digging buckets.

FEATURES

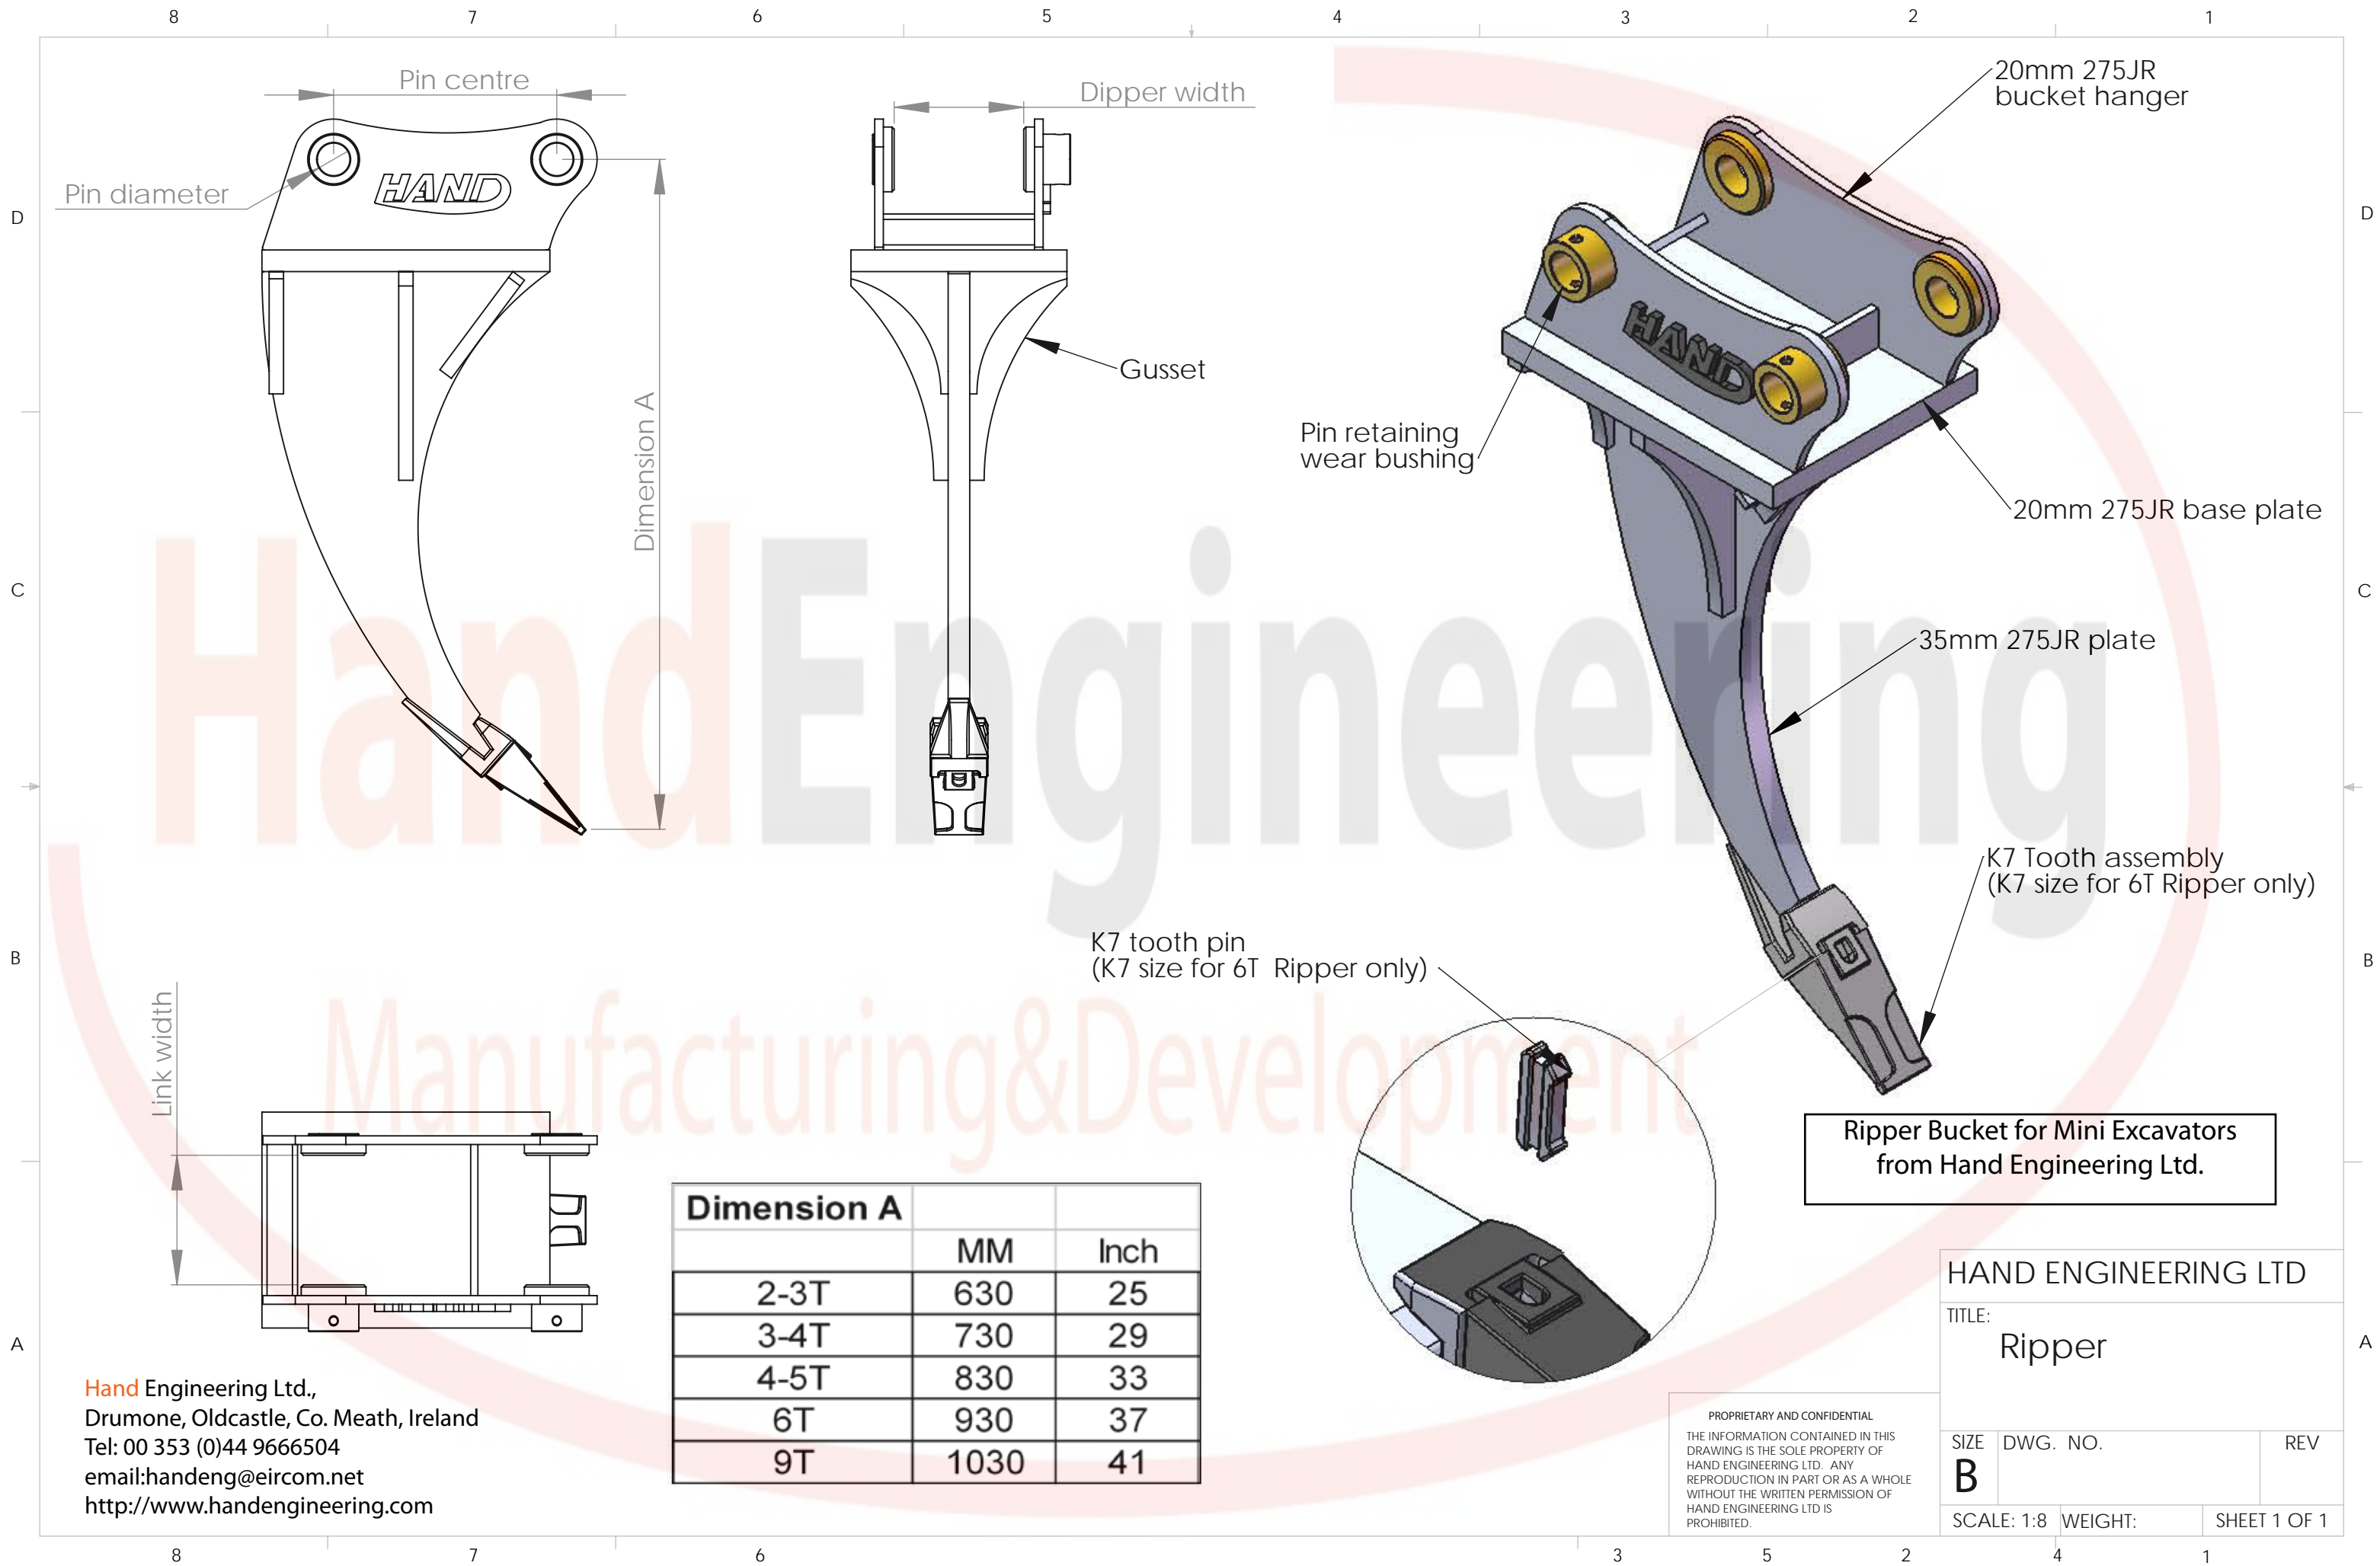

- > Replaceable Tooth System
- > Constructed of high grade weldox material for strength and durability.

SPECIFICATIONS

Available for any make or model of micro and mini excavator up to 7 tonnes operating weight.
